Comment:

- \* The arrival in EBERSWALDE of several columns of tanks, of guns and trucks, from the direction of MUECK, is interpreted as an indication that the EBERSWALDE units of the 6th Gds Necz Div (Cadre) and headquarters units of the Fourth Gds Necz Army (Cadre) began their return to their winter quarters from the LAMPIN training area in late October 1949.

- \*\*\* This indicates that the FULSTENWALDE units of the 7th Gds Necz Div (Cadre) returned to their winter quarters from the FULSTENWALDE training area in early November 1949.
